ORGANIX SOLUTIONZ

# Service Information

## OVERVIEW

Since 2003 Organix Pest Control has been providing homes and Industrial/Commercial work spaces with Organic non-invasive PEST CONTROL services that are GUARANTEED to ERADICATE any infestation. We are dedicated to protecting and enhancing the health of businesses, families, pets and our fragile environment.

## ORGANIC COMPOUND

Our products are a NATURAL biodegradable food source for pests making them IRRESISTIBLE.

The products we use as well as our service techniques avoid killing non-target pest species that are essential for life.

## OUR GUARANTEE

We value your trust and opportunity to service your property. Your satisfaction is guaranteed as we will address the issue to your satisfaction.

## GREEN BRANDING

Our Organic Pest Control Services are BRANDING compliant for any business or entity that wishes to identify itself as environmentally friendly, contributing to solving the environmental crisis posed by toxic pesticide poisons. Eradicating pests while caring for the environment makes common sense and allows your clientele to appreciate your earth saving efforts, giving you a competitive edge.

## TRUSTED, EFFECTIVE, PROVEN METHODS

Organix Pest Control is a trusted brand and is the Number 1 choice for businesses and homes who care about Health, the Environment and long term PEST ERADICATION. We provide effective control treatments for all kinds of pests in all kinds of industries. No disruption to business operations and NO HEALTH OR ENVIRONMENTAL HAZARDS.

Pesticide poisonings cause short and long term health problems especially in children and the environment. This is caused by contact with pesticides from surroundings after weeks, months and even years of service.

**PESTICIDES ARE MORE DANGEROUS THAT THE PESTS THEY ARE TRYING TO KILL.**

**ZERO TOXINS  
ZERO PESTICIDES**

**ORGANIX PEST CONTROL IS SUPPORTING THE PUBLIC HEALTH OF OUR LOCAL COMMUNITIES. WE NEED TO KEEP EVERYONE SAFE. ALL OF US HAVE A RESPONSIBILITY.**
